

Observers' role card

Your job is to observe the role-play. At the end of the role-play you will be asked to give general feedback. Choose a member to be your representative.

As you watch you should, amongst other things, be aware of:

- The different roles played by both the asylum seekers and immigration officers
- The arguments they use and how they present them
- Any infringements of human rights and asylum seekers' rights

You have to decide how you are going to take note of everything. For example, you may consider dividing into two sub-groups so one group observes the immigration officers and the other the asylum seekers.
